## TWICE WOUNDED AND GASED BY GERMANS

Private Wm. B. Yates Comes Home From War With Honorable Scars and Tells of His Experiences.

Private Wm. B. Yates, of the Medical Department of the 12th Field Artillery, twice gassed and twice wounded fighting against the Huns in France, has returned home on furlough from Camp Dix, N. J., and is with his parents, Mr. and Mrs. Collins Yates, at their home in the county. Private Yates had wonderful experiences on the other side, and played a glorious part in the battle for freedom of the world. He is being given the heartiest sort of greeting and welcome home by his host of friends. He tells an interesting story of his experiences in the Daily Register.

"I have been asked to give the Daily Register my experience while on the front, but if I were to do so in full it would take a month; however, I am glad to give a kind of summary of the work done by the 12th Field Artillery regiment of the Second Division, which regiment I was in from the time we were put in the trenches in the Verdun sector in March, 1918, to November 8th, three days before armistice.

"We stayed on the Verdun sector until the latter part of May, 1918, when we boarded trains for the Somme front. While traveling by train to this front, word came that the Germans were breaking thru at Chateau Thierry toward Paris. Our division was at once taken off the trains and rushed by motor truck and forced hike to the Chateau Thierry front. The marines, artillery and infantry went into battle there about June 1st. The French at that time had lost heart and were fast falling back. They told our troops that it was no use, that they had better fall back, too, but the marines and all stuck their ground, and held it without the loss of an inch during a concentrated artillery and machine gun fire for about two days, when the tide began to turn, and the German began falling back slowly, fighting hard to save their artillery which had been massed for this drive on Paris. The fighting lasted until the 18th of July. I was wounded on June 17th, by a piece of shell in the shoulder. Another piece of the same shell took off a part of my medical case which I wore attached to belt without injuring me in any way.

"This was the hardest fight that the Second Division was in. They were, however, in all four of the later major drives made by the Americans, viz., Soissons, St. Mihiel, Mont Blanc and Argonne-Meuse. I missed the Soissons drive on account of wound received at Chateau Thierry.

"There are many incidents in connection with any one of these drives that I will not soon forget. In the St. Mihiel fight for instance, which was really a walk-over for the Americans, our regiment arrived there on the night of the 11th, and waited in the rain until they went over the top next morning at five o'clock. There were not so many casualties in our regiment in this fight, however, my battery happened to be an exception. Our batteries advanced with the infantry and set up for action so close that we could see the German artilleryman loading their guns and the firing was accordingly point blank. A

direct hit by the Germans nearly put the crew I was with out of business, there being only one or two of us left; however, with extra men that could be spared from other crews, we continued firing the piece during the rest of the fight. Another incident in connection with this advance at St. Mihiel, which I recall, was the sad fate of a friend of mine, who together with myself, was trying to conserve emergency food rations. So in stopping to get a dead American's ration, I remarked that it was rather bad to be eating a dead man's rations, to which my friend replied 'never mind, in an hour's time somebody will be eating ours,' and it wasn't but a short time until this comrade was killed sure enough.

"After the St. Mihiel drive, we had a rest in a replacement camp, and then went forward in the Champagne drive. This was hard work for the artillery advancing against heavy artillery and machine gun fire. We were taken off this front, however, and sent upon the Argonne front by forced march. We were pretty tired by this time, but kept on going with our field pieces, sometimes we had only two horses to a piece, sometimes four, when we were supposed to have six. And we were advancing thru mountains about like Estill county.

"When the Germans were retreating thru Argonne, they, of course, destroyed everything they could, and since we were going fast and over rough country, our supply train couldn't keep up. We were accordingly reduced to eating steaks from artillery horses killed in action. At the same time we were unable to get drinking water, which was still worse, and when we could go no longer, we drank some water that we knew had been poisoned by the Germans. Our Captain had tested this water and found it bad, and a wounded German had refused to drink it, but we had gone as long as we could and the Captain and all drank it, and it made us deathly sick. Our supply train came up just in time to take all 35 of us back to the hospital.

"In the Argonne retreat of the Germans, I had every opportunity to witness incidents of their cruelty. My job was primarily to give first aid to the wounded. During this last drive up thru the Argonne and to Sedan, I attended more wounded men, women and children of the civilian population, than I did wounded soldiers. On the day before the capture of Sedan, the Germans sent over toward the Americans advancing, the civilian population of the town, and when they had gotten out in good range for their artillery they opened fire killing many wounding women and children by the hundreds. Another mean trick they did at Sedan, was to burn a lot of food supplies, at a time when the civilian population was starving.

"I left the Sedan front on November 8th, the day before our division entered the town. After that I was in the hospital and convalescent camp until I was booked for home in February, 1919."

## "Breaking Up" Some Rich Ground

For the first time in perhaps a half century or more, and maybe even longer than that, the large lot on Lancaster avenue, owned by Mary Jane Walker, aged negress, is being "broken up." It has been rented by the owner to a Mr. Kidwell, who has a force now plowing it up, and will soon have it set out in tobacco. The ground is pronounced wonderfully rich, by those who have seen it, and a big crop of extra fine weed should be grown on it. There are several acres in the tract, and if tobacco stays up as high as the past two seasons, the crop it produces is going to worth something, and then some.

The little daughter of Mr. A. P. Reeves of the Red House section, has been quite ill of measles complicated by pneumonia.

Mr. and Mrs. W. H. Shanks, of Stanford, motored up today and are with her parents, Mr. and Mrs. T. E. Baldwin, for a few days. Mr. Baldwin, who has been looking over the oil fields in Lincoln, returned with them.

## ALL CHILDREN LOVE "SYRUP OF FIGS" FOR LIVER AND BOWELS

Give It When Feverish, Cross, Bilious For Bad Breath or Sour Stomach. Look at the tongue, Mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat, or act naturally, or is feverish, stomach sour, breath bad; has stomachache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile moves gently out of its little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative," they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages, and grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine ask to see that it is made by the "California Fig Syrup Company." Refuse any other kind with contempt. It

## Allies Seem Working On Industrial Reconstruction

(By Associated Press) Washington, March 20—Imposition by the French government of an imports embargo similar to the British leads government officials here to believe that the allies have completed plans for industrial reconstruction and are now putting them into effect. This apparently means they will purchase basic materials in the United States but there will be no market in the allied countries overseas for manufactured materials. This, however, will necessarily curtail foreign competition in American fields in order to enable the allies to take care of their home demands.

## DO YOU KNOW HER?

## Lemons Whiten and Beautify the Skin! Make Cheap Lotion

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart pint of the most remarkable lemon skin beautifier at about the cost one would pay for a small jar of the ordinary cold cream. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, smoothen and beautifier.

Just try it! Make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It should naturally help to whiten, soften, freshen, and bring out the hidden roses and beauty of any skin. It is wonderful for rough, red hands.

Your druggist will sell three ounces of orchard white at little cost, and any grocer will supply the lemons. It

## Hindenburg Comes To Defense of Ex-Kaiser

(By Associated Press) Berlin, March 20—Aroused by recent criticism of the former Emperor's flight from Germany to Holland last fall, Field Marshal Von Hindenburg has published a defense of the ex-ruler's action, saying the weakening of the army and the revolution at home left him the choice of meeting death at the head of his army in a last futile attack or flight. He agreed with his advisers on flight, solely in the hope he could thereby best serve the fatherland, save Germany from further distress and rest in peace and order.

## EVERYBODY FOR IT.

Indianapolis, March 20—All recommendations for a six-hour, a five-day week, increase in wages and nationalization of coal mines, made by President Hayes, of the U. S. W. A., were concurred in by the subcommittee of the general policy committee in its report to the full committee here today.

## Bolsheviki Drive French Back

(By Associated Press) London, March 20—Bulletin—Virtually all of the Ukraine is now in the hands of the Bolsheviki, according to advices reaching London today. In heavy fighting at Nikolaiev, northeast of Odessa, the Bolsheviki lost nearly 8,000 men but forced the French garrison after fierce fighting, to withdraw to Odessa.

The Bolsheviki apparently are making a strong effort to subdue Russian opposition in Ukraine and drive the allies from that region before spring. The Ukraine is the granary of Russia and Odessa, before the war was the greatest grain shipping port in Russia. If the Bolsheviki can control the great agricultural region of the Ukraine, they might be able to relieve the serious food shortage in Moscow and the north. Meanwhile the Bolsheviki have occupied Kiev in the center of the Ukraine and have driven Gen. Petlura's peasant government to Proskurov, 40 miles east of the Galacian border. In the Odessa region and near Riga, the Bolsheviki have apparently suffered reversal.

## MUST STOP FIGHTING SAYS SUPREME COUNCIL

Ukrainians and Poles Sharply Notified To Cut It Out—Wilson Presides Over League Commission

(By Associated Press) Paris, March 20—President Wilson will be chairman at the meeting of the League of Nations Commission tomorrow when the plan will be put into definite form. Lord Robert Cecil and former United States Attorney General, with other, are now seeking to draft a provision relative to the Monroe Doctrine which legal experts will approve.

The Supreme Council yesterday called Marshal Foch to advise what action he had taken in Galicia, where the Ukrainian forces are besieging Lemberg. It was finally decided to sharply warn both sides to suspend hostilities.

Meanwhile Reuter's learns that the Japanese will present a covenant to the League of Nations providing for "equal and just treatment" to all aliens within the borders of states who are nations of the League members.

## To Get Money For Railroads

(By Associated Press) Washington, March 20—The War Finance Corporation is considering floating a bond issue of probably \$200,000,000, within a few weeks to provide funds for the railroads and to meet any other demands of the Corporation. The interest is contemplated at 4 1/2 per cent. The bonds will run for a year or 18 months, according to tentative plans.

## This Will Stop 'Em

(By Associated Press) Geneva, March 20—The Berlin Vossische Zeitung says French troops have occupied Mannheim and Karlsruhe, on the east bank of the Rhine, on account of Spartacan outbreaks there. It adds the French have also occupied Rheinfelden and Winthausen. The former is five miles south of Mannheim.

"I find Neolin Soles superior in every way to other soles. They are flexible, tough and waterproof. In the future I shall buy nothing but Neolin-soled shoes."

A. G. Aldrich, of Springfield, Mass., who makes this statement, tested Neolin Soles by having a pair of worn shoes re-soled with them. "They have already worn one month longer than the soles I used to wear," says Mr. Aldrich, "and will be good for at least three months more."

An easy way to try out Neolin Soles. Have them put on your worn shoes. See for yourself how long they last—and why they are a real economy.

#### "The Bird of Paradise" Coming To Lexington

"The Bird of Paradise" will play its first engagement at the Lexington Opera House on Friday and Saturday, March 21 and 22, and Saturday matinee. This is the eighth year of Richard Walton Tully's delightful Hawaiian play. Oliver Morosco this season has assembled a notable cast.

Mr. Tully has shown the tragic and pathetic side of little Luana, the Hawaiian princess, who learns when too late, that although she may claim to be able to hold her white husband's love, through her personal charms, yet when he is ready to leave her, they have no meaning at all. She learns the old, old story that once a man tires a woman, he can easily forget, but not so with the one he tires of. Mr. Tully also shows in contrast that no matter how low a man may have fallen, the influence of a pure woman can bring out all that is best in him.

The cast will be headed by Florence Rockwell, who will enact the role of Luana, surrounded by a score of players, including the famous Hawaiian quintette whose songs have become one of the most popular features of this wonderful romance. The scenic equipment of "The Bird of Paradise" is one of its most essential features and the new production presents a picture of the Islands as real as the scenic artist could make them.

Mrs. G. W. Phelps and Mrs. R. L. Conlee were in Lexington Wednesday. The stork visited the home of Mr. and Mrs. Clarence H. Ballard the 17th, and left a beautiful nine pound baby girl. Mrs. Ballard was before her marriage, Miss Violette Withers. The little stranger has been christened Helen Vaught.

The Nicholasville News says: Miss Geneva Lackey gave an elegant six o'clock dinner Monday evening in compliment to her cousin, Miss Martha Powell. Covers were laid for twelve and a tempting menu of several courses was served.

### "For Husbands Only"

But don't forget to bring your wife. Convent-bred Toni Wyld had suddenly married Samuel Dodge as a solace for a heart desperately wounded in its first experience of love. Many other women had learned, like Toni, that Rolin Van D'Arcy was not a marrying man. Mrs. Ellis was one and she tried in vain to warn Toni that D'Arcy was merciless and dangerous. But Toni was bent on revenge. She regarded Samuel merely as a means to this end. So successful was she, in her studied flirtation and so sure was she of Samuels' utter devotion and trust in her that D'Arcy soon came to realize that he wanted Toni more than he ever wanted anything else in his whole life.

When he found out that Toni was playing with him he resolved to force her hand and at one blow destroy Samuels' love and faith, and force the object of his desire into his arms. In the private theatres where he gave performances of his own plays he prepared to produce a play in which the characters would be in reality Toni, himself and Samuel. The action of the play was the game that Toni had played with him, only with the worst possible explanation given to Toni's action and tending to reveal to the love-blinded Samuel the manner in which he had been hoodwinked all the time. But—see the show tonight.

## Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes: "From the time I entered into womanhood . . . I looked with dread from one month to the next. I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. . . Nothing seemed to help me until, one day, . . . I decided to

## CARDUI

### The Woman's Tonic

"I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have not a pain. . .

"It has now been two years since I took Cardui, and I am still in good health. . . I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."

If you suffer from backache, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

## Corns Peel Off Painlessly

There's Only One Genuine 'Corns-Off'—That's 'Gels-It.'

There's only one happy way to get rid of any corn or callus, and that's the painless-peel-off way. "Gels-It" is the only corn remedy in

"2 drops of 'Gels-It'—Corn is doomed." The world that does it that way—effectively, thoroughly. Why get down on the floor, tie yourself up into a knot, and have to fool with "package" plasters, greasy ointments that rub off, sticky tape, and digging knives and scissors, when you can peel off your corn or callus in one complete piece, peacefully and surely, with magic, simple, easy "Gels-It"? It takes 2 or 3 seconds to apply "Gels-It"; you use 2 or 3 drops, and that's all. "Gels-It" does the rest! Get rid of that corn-pain at once, so that you can work and play without corn torture. Be sure to use "Gels-It." It never fails. "Gels-It," the guaranteed, money-back corn-remover, the only sure way, costs but a trifle at any drug store. MFD by E. Lawrence & Co., Chicago, Ill.

Sold in Richmond and recommended as the world's best corn remedy by Stockton & Son.

## 66 Years Success

## The Wonderful Record of Dr. Thacher's Liver and Blood Syrup.

Those medicines which live for even a quarter of a century are exceptional, and continuous use for over two-thirds of a century is indisputable evidence of wonderful merit.

Dr. Thacher's Liver and Blood Syrup came into existence in 1852, and from that time to the present it has grown in the confidence and estimation of its yearly increasing number of users. Through all these years it has steadily grown in popular favor.

"Its wonderful building up power is shown in the experience of Mrs. C. E. Chadwick, Seale, Ala. "I was all run down in health," she says. "Weighed only 104 pounds and getting worse every day. I began the use of Dr. Thacher's Liver and Blood Syrup and today, I am thankful to say, I am in perfect health and weigh 165 pounds. I attribute my good health to the use of that most wonderful medicine. I firmly believe there are numerous suffering people that could be sound and well by the use of Dr. Thacher's Liver and Blood Syrup."

If you need a tonic, or a blood purifier, if your liver is out of order, your stomach troubles you, or you are constipated, have indigestion or dyspepsia, try Dr. Thacher's Liver and Blood Syrup. It is purely vegetable and cannot possibly injure any one. It has been of wonderful benefit to others. Therefore, should command your attention. All dealers in medicines will be glad to recommend it.

## MERITONE HELPS ENTIRE FAMILY

**Mother Gains 15 Pounds and Feels Like New Person—Little Daughter Strong and Healthy and Plays Like Other Children—Father Built Up Wonderfully.**

The Carman family, of Lexington, Ky., is happier and healthier because of Meritone. Mother, father and the little daughter have better health since taking this wonderful new system medicine.

"I think everybody ought to know about Meritone, and I want to give a statement for the public, said Mrs. Carman.

She then told, as follows, how Meritone brought better health to her husband, her little girl of six and herself:

### Troubled Nine Years.

"For nine years I suffered with my stomach," Mrs. Carman said. "I had indigestion and constipation. I could hardly eat anything without the most severe kind of pain afterward.

"I tried medicines but nothing helped me. I even took one treatment that cost \$150, but it didn't do me any good.

"The housework finally got to be an absolute burden. I just dragged around.

### Best In The World.

"When I remember the condition I was in such a short time ago and then realize how well I'm feeling now, it

just seems to me that Meritone is the best medicine in the world.

"Why, I can eat anything I want without a bit of trouble afterward. It seems like I can hardly get enough to eat. My stomach is in fine condition and my liver seems perfect.

"I don't get a bit tired now, either. I get at the housework and do it all and then feel so good I search around for something else to do. I'm like a new person and I believe Meritone almost worked a miracle in my case."

### Daughter Helped.

Mrs. Carman then described how Meritone helped her little daughter.

"The little girl is six now and ever since she was a year old she had been in poor health," Mrs. Carman said. "I started giving her Meritone and it built her up so much and made her feel so much stronger that she gets out now and plays just like other children in our neighborhood.

"And, besides all this, Meritone has helped my husband," Mrs. Carman continued.

### Husband Stronger.

"He took Meritone as a builder and strengthener with wonderful results."

Meritone is specially introduced in Richmond, by H. L. Perry & Son.

### Normal School Notes

(W. B. Trosper, Reporter)

The Y. W. C. A. gave a Blue Ridge program Sunday evening. Miss Minnie Burchett and Miss Stella Great-house, the girls who were sent as delegates last year, told the interesting things concerning their trip and the work they took the ten days while there. They described some of the wonderful places they visited—"The Land of the Sky," such as Mt. Mitchell, Vanderbilt's Castle, Grove Park Inn, the largest and most wonderful hotel in the world, Montreat, and many other places of interest. Their stories of the "hikes" they took were also enjoyable. Miss Brownie Telford played a piano solo; Miss Lila Stroker and Miss Grace Fields sang a duet. The meeting was closed by Mizpah.

Miss Brownie Telford was the guest of the Y. W. C. A. cabinet members at supper Sunday evening. Miss Roberts and Mrs. Lynn also took supper with the members.

The Excelsior Literary Society gave a "tacky party" in commemoration of St. Patrick's day in Sullivan Hall play room the past evening. Several members of other societies were present. Being St. Patrick's day, green was the predominating color, and the way each was arrayed helped to make the evening full of life. Various games were played and prizes given to the winners of the contests. Delicious refreshments were served, and when the lights winked announcing the time for our departure, everyone seemed to regret same, since the time seemed so short. Everyone seemed to be complimenting everyone else for helping to make the evening such an enjoyable one.

Several of the students attended the union service held at the Baptist church last evening.

Miss Roberts returned Saturday evening from Cincinnati where she had been shopping.

F. C. Gentry spent Saturday evening in Lexington on business for the institution.

### Paint Lick

Dr. H. J. Patrick's family are recovering from the flu.

E. C. McWhorter was over from Lexington Monday on business.

Hise Davis, of Livingston, expects to put in a grist mill in Lowell in the spring to grind corn for his mountain trade.

There are quite a number of families who have measles and a few cases of mumps.

Miss Broadbuss of Jessamine county, is teaching the 7th and 8th grades in our school.

Mrs. Elizabeth Patrick, of Paintsville, has returned to this place to make her home with her son, Dr. H. J. Patrick.

Mr. and Mrs. John White are with Mr. and Mrs. R. G. Woods.

Supt. Littrell and Rev. Rice, of Wilmore, assisted the pastor, Rev. A. Godby, in holding quarterly conference Sunday night at Walnut.

### Red Cross Notes

The Madison county chapter Red Cross has received the final consignment of refugee garments the making of which was pledged for May 15th. All workers, county circles or from the town are urged to call at headquarters or the Christian church on Mondays, Thursdays and Saturdays, and take out the garments to be made at home.

### MADISON MEDICAL SOCIETY

The regular monthly meeting of the Madison county Medical Society, will be held Thursday, March 20th, at 7 p. m. in the office of Dr. Sandlin. Papers will be read by Drs. Phelps, Cowley, and Williams. A cordial welcome to all.—J. G. Bosley Secretary. 90 2

## IT'S NOT YOUR HEART; IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the ills afflicting people today can be traced back to the kidney trouble.

The kidneys are the most important organs of the body. They are the filters of your blood. If the poisons which are swept from the tissues by the blood are not eliminated through the kidneys, disease of one form or another will claim you as a victim.

Kidney disease is usually indicated by weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, pain in loins and lower abdomen, gall stones, gravel, rheumatism, sciatica and lumbago.

All these derangements are nature's

signals that the kidneys need help. You should use GOLD MEDAL Haarem Oil Capsules immediately. The soothing, healing oil stimulates the kidneys, relieves inflammation and destroys the germs which have caused it. Go to your druggist today and get a box of GOLD MEDAL Haarem Oil Capsules. In twenty-four hours you should feel health and vigor returning. After you feel somewhat improved continue to take one or two capsules each day, so as to keep the first-class condition and ward off the danger of other attacks. Ask for the original imported GOLD MEDAL brand. Three sizes. Money refunded if they do not help you.
